EDUCATION

2020 - 2024 : SETEC institute (MIS)

BACHELOR IN MANAGEMENT INFORMATION SYSTEMS

languags

ENGLISH
KHMER
CHINESE

SKILLS

Office Tools: Word, Excel, PowerPoint

Languages: Python, Java

Security & Cryptography: AES, RSA, PGP, GPG, Base64, MD5, SHA-256

Tools: Git, Docker, Postman, SoapUI, Figma, Draw.io, Adobe Photoshop (PS), Adobe Illustrator (AI)

Databases: PostgreSQL, Oracle, SQLite

Internet & Email ...

EXPERIENCE

Canadia Bank PLC | 2023-Present

POSITION: DEVELOPER (SYSTEM INTEGRATION)

IT Application Department | IT Division

As a Developer in the IT Application Department, I design flows, develop and integrate core banking, mobile, and web applications, and create technical documentation such as API guides and data dictionaries for internal teams, vendors, and third parties.

Responsibilities:

- Development & Integration
  - Built and maintained APIs to connect core banking systems with mobile, web, and third-party applications.
  - Designed integration flows using Fiorano ESB to connect systems like ERP, Core Banking System (CBS), and payment gateways.
  - Used Java, Python, and Fiorano ESB to develop stable and efficient applications.
  - Handled data formats such as JSON, XML/XSD, OFS, and ISO 20022 to ensure smooth data exchange.
- Data Security
  - Applied encryption methods like AES, RSA, PGP, and MD5 to secure sensitive data.
  - Followed banking regulations and security standards to maintain data protection.
- System Monitoring & Support
  - Monitored system and API logs to ensure smooth operations.
  - Resolved system issues and performed basic server management tasks such as log checks.
  - Automated routine tasks and applied patches to minimize downtime.
  - Used a Telegram bot to monitor system alerts in real-time.
- Collaboration & Documentation
  - Worked with developers, analysts, and project managers to deliver integration solutions.
  - Created clear API documentation and data dictionaries for internal teams, vendors, and third parties.
- Risk Management & Mitigation
  - Identified and mitigated system risks to maintain stable operations.
  - Regularly updated risk control measures to align with industry standards.

Bill24 | 2021 - 2023

POSITION: SOFTWARE SUPPORT

Bill24 provides e-Invoice, e-Payment solutions, and API integration services for online payments with Cambodia's local banks.

Responsibilities:

- API Integration
  - Integrated third-party APIs, ensured up-to-date documentation, and resolved API issues to maintain seamless system functionality.
- UAT & Testing
  - Developed and executed comprehensive test plans for new features, validating business requirements using diverse data sets and test scenarios, including support for SIT, UAT, Pilot, and PROD testing phases.
- Issue Resolution
  - Identified and resolved system bugs in collaboration with developers to ensure quick fixes and system stability.
- Database Management
  - Managed and queried databases (PostgreSQL, Oracle), performing complex operations such as INNER JOINs, data updates, deletes, and issue resolution during banking system testing.
- Reporting & Data Management
  - Generated detailed monthly test reports, communicated key findings to stakeholders, and reset data to prepare for upcoming test cycles.

S Auto Cambodia | 2020 - 2021

DIGITAL MARKETING

Responsibilities:

- Social Media Management
  - Managed the Facebook page, engaging with followers by responding to comments, posting content, and tracking engagement metrics to drive audience interaction.
- Marketing Material Design
  - Designed visually appealing marketing materials, including posters, banners, and name cards, to promote products and brand visibility.
- Advertising Campaign Management
  - Created and managed targeted advertising campaigns across Facebook, Instagram, TikTok, and Telegram, optimizing for audience engagement and conversions.
- Audience & Campaign Analysis
  - Generated detailed audience reports and leveraged insights to craft and execute tailored marketing campaigns that aligned with business goals.
- Performance Optimization
  - Analyzed campaign performance data and adjusted strategies to continuously improve marketing effectiveness and ROI.

COVER LETTER

Address: Phnom Penh | Tel/Telegram: 095 323 346 | Email: phokeanghour12@gmail.com

Dear Hiring Manager,

I am excited to apply for your IT Program. As a Developer at Canadia Bank PLC, I design API flows, build, and integrate APIs with core banking systems to connect web and mobile platforms. With over three years of hands-on experience in system integration, my background in Java and Python, along with expertise in the ESB Fiorano platform, ensures that I can contribute effectively to your team's API-related projects and drive seamless system performance.

In my current role, I focus heavily on API development and integration, ensuring high system performance and secure data handling using encryption methods like AES, RSA, PGP, and MD5. I work extensively with data formats such as JSON, XML/XSD, OFS, and ISO 20022 to facilitate smooth data exchange. Additionally, I monitor API logs, resolve integration issues, and perform troubleshooting to maintain system efficiency.

Previously, at Bill24, I provided technical support for API integrations and online payment systems, collaborating with several local banks in Cambodia. My quick problem-solving skills and ability to work with vendors and banks helped enhance the reliability and performance of API systems.

I hold a Bachelor's degree in Management Information Systems (MIS) from SETEC Institute, graduating with a GPA of 3.41. Additionally, I completed training in iOS Development (6 months) and API Development (3 months) at Aditi Academy, which further strengthened my API-related skills.

I am confident that my expertise in API development and integration, problem-solving abilities, and passion for continuous learning make me a strong candidate for your program. I would welcome the opportunity to discuss my qualifications further and explore how I can contribute to your team.

Thank you for your time and consideration.

Sincerely,
Pho Keanghour
