EDUCATION

2020 – 2024
SETEC INSTITUTE

- Bachelor of Management Information Systems
- GPA: 3.41 / 4.0

2024 – 2025
ADITI ACADEMY

- iOS Development (6 months)
- API Development (3 months)

TECHNICAL SKILLS

- Languages: Python, Java
- Integration & Data: JSON, XML, OFS, ISO 20022 (SWIFT MT & Pain messages)
- Databases: PostgreSQL, MySQL, Redis, H2
- DevOps & Tools: Docker, Kubernetes, Jenkins, Git, AWS, Cloudflare
- Security & Cryptography: AES, RSA, GPG, MD5
- Messaging: RabbitMQ, Kafka
- Tools: MS Office, Internet & Email

LANGUAGES

- English
- Khmer

PHO KEANGHOUR

APPLY FOR:

PROFILE

I'm a System Integration Developer in middleware and API integration between T24 core banking, WEB, Mobile, and third-party applications. Experienced with JSON, XML, OFS, ISO 20022, SWIFT MT, and PAIN messages, as well as microservices and message-driven architectures using RabbitMQ, Redis, Jenkins, Kubernetes, and ELK. Skilled in Python (FastAPI), Java, and Fiorano ESB, with a focus on building secure, scalable, and reliable integration solutions.

WORK EXPERIENCE

Developer (System Integration)|Canadia Bank 2023 – PRESENT
Develop and maintain middleware and API integrations connecting T24 core banking, web, mobile, and third-party applications.

- API & Integration: Designed and optimized API and integration flows using Fiorano ESB, Python, Java and microservices
- Data & Messaging: Worked with JSON, XML, OFS, ISO 20022, SWIFT MT, and PAIN messages for banking data exchange
- Security: Implemented AES/RSA encryption and followed banking security and integration standards
- Monitoring & Automation: Monitored system health, troubleshoot production issues, and analyzed service logs using ELK and Linux tools such as grep. Supported Jenkins CI/CD automation, Python-based operational tasks, and Telegram alerts for real-time monitoring
- Reliability & Optimization: Identified integration risks and improved system stability, performance, and reliability
- Documentation: Created API documentation, integration guides, README files, and data dictionaries for developers and business users

Software Support | Bill24 2021 – 2023
Bill24 provides e-Invoice, e-Payment solutions, and API integration services with Cambodia's local banks

- API Integration: Integrated third-party APIs, updated documentation, and resolved issues for smooth system performance
- Testing & SIT/UAT: Created and executed test plans for SIT, UAT, Pilot, and PROD phases, ensuring business requirements were met
- Issue Resolution: Collaborated with developers to quickly fix system bugs and maintain stability
- Database Management: Managed PostgreSQL and Oracle databases, performing queries, updates, and troubleshooting
- Reporting: Generated monthly test reports and communicated findings to stakeholders for continuous improvement.

COVER LETTER

Address: Phnom Penh | Tel/Telegram: 095 323 346 | Email: phokeanghour12@gmail.com

Dear Hiring Manager,

I am writing to apply for the position at your organization. I currently work as a System Integration Developer at Canadia Bank PLC, where I develop and integrate APIs between T24 core banking systems, web, mobile, and partner applications.

In my current role, I design and optimize integration flows using Fiorano ESB and Python microservices, working with JSON, XML/XSD, OFS, ISO 20022, PAIN, and SWIFT MT messages. I also support system monitoring, production troubleshooting, Jenkins CI/CD automation, and secure data exchange using AES, RSA, and PGP encryption.

Previously at Bill24, I supported API integrations and online payment systems for Cambodian banks, troubleshooting issues, improving system reliability, and automating operational workflows. I also collaborated with vendors and stakeholders and created API documentation, integration guides, and client-facing data dictionaries.

I hold a Bachelor's degree in Management Information Systems and have completed training in iOS and API development. With my experience in banking systems, middleware, API integration, automation, and production support, I am interested in bringing my technical skills and experience to your team while continuing to grow professionally.

Thank you for considering my application. I would welcome the opportunity to discuss my experience and how I can contribute to your team

Sincerely,

Pho Keanghour
